### Projects in Organization:

- 1) **Treasury Reporting Tool:** It is finance project for treasury department of bank. The application has MS Access front end and SQL as backend. Project is about getting the position of deals/transactions trades done. Early warning indicators, Collaterals are also being captured. The project also tracks bank investments in different regions, profit loss.  
**My role:** Business Analyst, developer.  
**Duration:** 3.8 Years
- 2) **Cloud Migration Project:** It was a migration project from SQL 2008 to SQL 2012. Migrated 12 applications successfully.  
**My Role:** Onsite Coordinator, team management.  
**Duration:** 8 months
- 3) **Sales Management Zone(SMZ):** It was a migration project from SharePoint 2007 platform to SharePoint 2010 platform.  
**My role:** Tester.  
**Duration:** 1 month
- 4) **Merchant Terminal Merchant Department (MTMD):** It was a project in VB.Net. Here we have to use encryption algorithms, Advance Encryption Standard (AES) to encrypt “Personally Identifiable Information” (PII) data while inserting these information into database and decrypting the same while displaying it to end users.  
**My role:** Developer  
**Duration:** 6 months
- 5) **Network Assets:** It was a complete sharepoint 2010 project. In this project merchant has to supply applet to end users on their requests. In these requests, users need to provide some information, which needs certain level of approvals before supplying applets to users.  
**My role:** Developer (Need to fix some errors and I got this project in UAT phase also did one enhancement)  
**Duration:** 3 months
- 6) **iRisk Referential Data Management (iRDM):** It was project in VBA MS Access. In this project end users gets to know about the Instruments in which they need to invests as well as which instruments are risky for investment. We have to maintain daily prices of the Instruments. This is similar to investing in Share Market.  
**My Role:** Developer  
**Duration:** 6 months

### Significant Highlights:

- Received award for recognition on successful completion of Cloud Migration project.

- Serving a scrum master role in current project.
